First page	Home
Last page	End
Page Down / Page Up	PgDn / PgUp
Space / Shift+Space	Space / Shift+Space

Reading	
Full screen on / off	F
Show / hide controls	V
Zoom mode on / off	Z
Bookmark this page	B
Download this page	D
Auto-play (slideshow)	A A A

Getting out	
Close the top layer	Escape

Notes
Hold a key to flip continuously — capped at about 6 pages a second.
Auto-play needs three presses of A within two seconds. A single A does nothing.
Escape peels back one layer at a time: zoom mode → help → popup → open panel → zoom reset. It always closes the thing in front of you.
In Help, ← and → page through the help screens.
Typing in the Notebook is safe. While the cursor is in a note or the page-number box, letters and digits go into the text — they do not trigger shortcuts. Escape is the single exception: it leaves the box.
On a phone or tablet these apply only with a keyboard attached (USB or Bluetooth). Without one, use the on-screen controls.
